

## Inspire the Next Generation—Share Your Residency Journey on Emerging DO!

You've been where they are—now's your chance to lead the way. We're thrilled to invite you to the beta launch of the [Emerging DO Platform](https://www.emergingdo.org), a space where your story can inspire and guide future DOs.

Here's how you can make an impact:

 **[Residency Insights](#)**: Share your experience through a quick seven-question survey at [www.emergingdo.org](https://www.emergingdo.org). Your insights will help students navigate their residency decisions with confidence.

 **[Mentorship Opportunities](#)**: Join our mentoring program to connect with mentees and peers. Whether in 1:1 or group sessions, your guidance can shape careers and strengthen the osteopathic community. Mentoring isn't just about helping others—it's a chance to refine your leadership and communication skills while making a meaningful difference.

Together, we're building a platform that celebrates individual journeys and collective impact. Join us and help shape the future of osteopathic medicine.
